The POWER of a POSITIVE TEAM

11 THOUGHTS ABOUT TEAMWORK

1. Team rise and fall on culture, leadership, relationships, attitude and effort.
2. It's all about teamwork.
Sometimes you are the star and sometimes you help the star.
3. If you want to be truly great, you have to work as hard to be a great teammate as you do a great player.
4. Your team doesn't care if you are a superstar. They care if you are a super team member.
5. Three things you can control every day are your attitude, your effort and your actions to be a great teammate.
6. One person can't make a team but one person can break a team. Stay positive!
7. Great team members hold each other accountable to the high standards and excellence their culture expects and demands.
8. Team beats talent when talent isn't a team.
9. Great teams care more. They care more about their effort, their work and their team members.
10. We > me
11. You and your team face a fork in the road each day. You can settle for average and choose the path of mediocrity or you can take the road less traveled and chase greatness.

What can I do every day?

Be on time!

Encourage one another!

Bring energy

Be a GREAT teammate
